Special Dispatch to The Star. NEW YORK. September 18.-From ppening irregularly the stock market this a substantial advance this week, and realization sales were more or less in order as the end of the week drew near. The business of the week has been too exclusively in the high-priced issues for any considerable participation by others than habitual traders, and their operamitments of any marked duration that leading features of the market.

The so-called Hill issues were very strong, as was Canadian Pacific. Reading was very active, but through the greater part of the session was dealt in without much change in price. St. Paul advanced sharply at the opening, but subsequently showed the effects of profit taking. New York Central declined substantially and Pennsylvania receded fraction-Substantial fractional losses were Col. F. & I., com.... scored in the Union Pacific issues, but Col. & H. C. & I..... "We should now go to the aid of the merchant marine in order to compete with Commandery, No. 11, Knights Templar, foreign powers. I am not for a repeal of our coastwise laws. They are good ones, and the revenue therefrom helps to keep alive our shipyards. "I sometimes get out of patience with merchants and others who cry about tariffs and bad times. They don't know what ails them. We should have a better method of farm production. We have agricultural colleges and experimental stations, but we want more education of the expert variety.

> No Danger of Disaster. "I am not afraid of the country going

to the bow-wows. Conservation of farming lands is wanted, and put it into the hands of others than college graduates who don't know what a hoe handle is, how to turn a furrow, or to handle a plow. The man who knows how is the one we want to conserve. The cost of transportation is not the only or worst thing we have to contend with.
